

AMIGA™ 1020 5.25" EXTERNAL DISK DRIVE

Expand your Amiga computer system and enjoy IBM® PC and Amiga disk drive compatibility with the 1020 5.25" external disk drive. The 1020 is a 5.25" external floppy disk drive with a formatted capacity of 360K bytes. When used with the AmigaTransformer™, it reads and writes disks in standard IBM® PC format allowing you access to over 10,000 software applications. AmigaTransformer™ also features the option to copy files from the 5.25" format to the 3.5" format of the Amiga computer's built-in drive.
